INTEGRATED LV PANELS BOARDS & ENCLSURES SOLUTIONS

ABOUT US.....

COMPANY PROFILE

ENERSYS PANEL PVT LTD is the professionally managed company that is carrying out business primarily into fields of Electrical Power Distribution Systems & Components. We are manufacturer of custom built LT Switchboards & Control panels as well as System integrator for Thermoplastic Enclosure Panels. **ENESYS** is amongst the leading suppliers of electrical equipment's and its value additions that cater to a large and vivid market spectrum, which includes processing, manufacturing, infrastructure, service providers, hospitality, telecom, banking, information technology, entertainment & amusement parks and government establishments.

VISION

We strive to be in the forefront of the power distribution business by providing world-class products and solutions through technological innovation and strategic business partnership.

MISSION

Our mission is to build top-class Electrical Switchboard solutions that meet the requirements of our customers and deliver superior value through quality, reliability, safety and technical leadership.

VALUES

- **Teamwork**—Working together to achieve Operational excellence
- **Commitment**—Pledging dedication to business goal
- **Quality**— Provide Product & Services to meet or exceed customer expectations.
- **Integrity**— Always Practice & maintain the highest ethical standards

WHY US?

Following are some of the distinguishing factors that make us the most preferred choice of a large customer base:

- Timely delivery of goods
- Customer focused approach
- Customized production facility
- Competitive pricing policy
- Strict quality control measures
- International quality standards
- Well equipped manufacturing facility
- Dexterous team of professionals
- Power saving concept for huge industries
- Latest equipment's for designing & working

BUSINESS VERTICALS

⇒ **Manufacturing of LV Switchboards Panels**

⇒ **Trading in Readymade Electrical Enclosures**

EXPERTISE

◇ **Welded Panels**

◇ **Bolted Modular Panels**

◇ **Thermoplastic Panels**

ROUTINE TEST [IN HOUSE]

- > GA & BOM Verification
- > Insulation Resistance test with 1000VDC Mager
- > 2.5KV HV Test with HV Testing KIT.
- > Wiring Continuity Test
- > Electrical / Mechanical Functional Check

APPLICABLE STANDARDS

- ⇒ Switchgear Assembly Verification—IEC 61439-1/2
- ⇒ Degree of Protection - IEC_60529[2001]
- ⇒ Internal Arc- IEC61641
- ⇒ Test for Seismic Lad- IEC-60068-3-3
- ⇒ Vibration Tested- IEC-60068-2-6

Annunciator Panel

Control Relay Panel

Control Desk Panel

Fire hydrant Pump Panel

PLC Automation Panels

Variable Frequency Drive Panel

DG Synchronising Panel

Bus Duct & Bus Trunking

Capacitor Bank Panels

Local Control Stations

Portable Extension Boards

Tele Krone Junction Box

SOLAR AC-DC DBS

EV Charger Panel

Flameproof Panels

....When services meets Experts

MPG SERVICES MEETS EXPERTS

Thermoplastic Enclosures & Accessories

- Terminals Junction Boxes
- Modular Boxes
- GRP Cabinets
- Metring Enclosures
- Plug & Sockets Combinations
- Local Control Stations
- Krone Junction Boxes

Accessories -

- ◆ Distribution Block
- ◆ HMI Cover
- ◆ MCB Window
- ◆ DIN rail adjustable Bracket
- ◆ Flexible Busbar & Supports

Other Product Range

BCH PRODUCT RANGE

- MS Terminal Junction Boxes
- MS Welded Boxes
- MS Structured Panel Cabinets
- Heavy Duty Plug & Sockets
- Switchgear & Controlgear
- Induction Motors
- APFC Panels
- Wires & Cables
- Limit Switches

Specifications-

- IP 55/65
- IK 10
- According to IEC 61439/60529

CUSTOMIZED ENCLOSURES

- Welded Enclosure
- Semi Modular Enclosures
- Fully Modular Enclosures
- Control Desk
- PC Console
- PCC/MCC Panel Enclosures
- Flame Proof Enclosure
- Polycarbonate / ABS Enclosures

Specifications-

- Size - Fully customized
- IP & IK - As per latest IEC Standards
- Colour- RAL 7032/ 7035
- Other colours on request
